To our amazing 'ohana,

From all of us at the Kapena School of Music, we want to extend our deepest mahalo to everyone who joined us for this year's Ho'ike! Your presence and support made the day incredibly special for our students, teachers, and families.

As we reflect on four beautiful years as the Kapena School of Music, we are filled with gratitude for how far we've come. Our mission has always been to uplift, inspire, and empower our keiki and community through the power of music—and it is only through your continued support that this mission thrives.

We are humbled and proud to share that we were recently honored with two Nā Hōkū Hanohano Awards, a recognition that belongs to all of you who have believed in our vision from the very beginning.

These milestones are not just ours—they are a celebration of our community, our culture, and the belief that music has the power to transform lives.

Thank you for standing with us, for cheering on our students, and for helping us build something truly meaningful for generations to come.

With heartfelt gratitude,
The Kapena School of Music
